The following Preamble and Resolution concisely, forcibly. His mind is eminently touching the German department of our work, of Dayton introduced Mr. Douglas at Day: a logical and analytical one, and he sifted connected with the Cincinnati Conference, was offered by Dr. Nast.

Whereas, We believe that part of the German work of the M. E. Church, which has been connected with the Cincinnati Conference for the last twenty four years, may be made still more efficient in its soul saving influence upon the German population by being set apart as a separate annual Conference, and Whereas, There is not sufficient time for the considera trondection. There is not sufficient time for the consideration of questions intimately and vitally connected with the peculiar wants of the German work, Therefore Resolved, That we recommend to the General Conference to form the German stations, circuits and missions connected with the Cincinnati Conference into a separate Conference by the name of the "Cincinnati German Annual Conference."

After some debate the subject was made the rder of the day for Monday morning. Rev. Thomas D. Crow, Chairman of the

Committee on Slavery, submitted the follows E. S. Lippett presided as Secretary. The 1. Resolved, By the Cincinnati Annua

Conference assembled, that we concur in the recommendation of the Eric Annual Conference to so change our General Rule on Slavery that it shall read: "The buying seiling holding or transferring of any human being to be used in slavery."

And

5. Resolved, That we hereby instruct our delegates to the next General Conference to secure, if possible, the action recommended in the foregoing resolutions. And, in the event this cannot be done by them, that we hereby further instruct them to cooperate with the delegates from other Annual Conferences, to secure such action as shall most speedily and effectually free the church from the "complicated villainy" of slave-holding, and even from all complicity with it.

The first resolution was adopted by a vote

of 130 to 10,

The second by 116 to 8, The third, on the motion of A. Lowry, was changed so as to read as follows:
